

Instructions

For smaller props

1. Print actual size (100%) in color on cardstock paper.
2. Cut around the edge of the design, leaving a $\frac{1}{4}$ to $\frac{1}{2}$ inch border
3. Place one end of a craft stick or popsicle on the back of prop.
4. Secure the stick with glue or tape.

For larger signs and frames

1. Print actual size (100%) in color on heavy cardstock paper.
2. Cut at the edge of the design.
3. Connect frame corners by applying tape to the backside of the paper. Tape or glue craft sticks to the backside of seams to strengthen them.
4. Alternatively, use a printing service to print larger designs to desired scale.
